

DCFC Corridor Coverage Per Roadway*

(As of February 16, 2021)

-  Existing
-  Planned
-  Compliant DCFC Within 12.5 Miles
-  Intersects w/ Compliant Corridors Within 12.5 Miles
-  No Compliant DCFC Within 12.5 Miles

*Based on DEP determination of compliant corridor locations, and DEP estimated number of locations required per road based on 25 mile coverage requirements.

Corridor compliance based on satisfying requirements established in NJ EV law, including requirement to have at least two 150kW chargers with CCS and CHAdeMO plug.
